

# We Are Ready FOR THE FALL CAMPAIGN With Greater Stocks In All Departments

Fall and Winter stocks are now complete in the various sections of the store. All are of greater proportion for this Fall and Winter than for any previous period.

Annual preliminary effort has been made to make this the banner season of our commercial existence. As stated, the stocks are larger, bigger assortments from which to select, and the merchandise we show is typical of the accepted fashions for this season. Not only do we show the best selections by expert buyers but the price inducements are quite apparent—underpieces featured prominently in each department.

We want you to come and see the pretty new things. A little time spent here will give you a correct interpretation of what is to be worn this season. You're welcome. Come, tell your friends to come.
